Scott Dombkowski

Work Experience

User Experience Intern, June 2017 to August 2017
Mapzen • New York, NY
Contributed to a team tasked with building Who's On First (WOF), a gazetteer or big list of places, each with a stable identifier and some number of descriptive properties about that location. Primary task was to improve how WOF is presented to the public.

Platform Engineer, August 2014 to May 2016
Capital One • Tysons Corner, VA
Contributed to a team tasked with the internal monitoring of Retail Bank. Primary tasks included reporting (monthly business reviews, capacity models, etc.), application control activities, Splunk application onboarding, and Splunk dashboarding.

Process Engineer, October 2013 to August 2014
Capital One • Tysons Corner, VA
Contributed to a team tasked with supporting the Agile transformation at Capital One. Primary tasks included customer consultations and creation/continuous improvement of metrics packages.

Data Analyst, August 2013 to October 2013
Capital One • Tysons Corner, VA
Contributed to a team tasked with department wide analytics. Primary tasks included project analysis and time costing analysis.

Projects

Converge, April 2017 to May 2017
Designed a medium that simultaneously mirrors the non-linearity of in-person conversations while leveraging the surveyability of digital conversations to maximize understanding.

Asthma Connect, March 2017 to May 2017
Designed a service that would support the transition of children (4–10 years) from parental management to self-management of their asthma care.

Canvass, March 2016 to April 2017
Designed and built an anonymous context specific question and answer mobile app.

In The Know, November 2016 to December 2016
Designed a multi-modal promotional kit that combines physical and virtual elements to increase HPV awareness.

Whalespeak, March 2014 to February 2016
Designed and built an anonymous mobile app for the spoken word and sounds of life.

LISTD, November 2012 to July 2013
Designed and built a ticketing and customer line management service for bars and nightclubs.

BATCH, May 2012 to March 2013
Designed and built a platform that utilized automated telephone calls and speech recognition technology to acquire large disparate data sets.

Summary

Hi, my name is Scott. I am pursuing my Master of Design in Design for Interactions from Carnegie Mellon University. I utilize my diverse background and adaptable skill-set to explore and create artifacts that build communities able to positively affect the world.

Education

Carnegie Mellon University
MA in Design, May 2017
MDes in Design for Interactions, Expected May 2019

Carnegie Mellon University
BS in Information Systems, December 2012
Minors in Business Administration and Engineering Studies

Skills

Proficient
CSS, Excel, HTML, InVision, Sketch, Splunk

Intermediate
After Effects, Illustrator, InDesign, Java, JavaScript, Origami, Photoshop, Premiere Pro, R, Ruby, Tableau
